

Coliform Monitoring Violation Template

IMPORTANT INFORMATION ABOUT YOUR DRINKING WATER

Monitoring Requirements Not Met for IL1670600 Jerome

Our water system violated two drinking water standards over the past year. Even though these were not emergencies, as our customers, you have a right to know what happened and what we did to correct these situations.

We are required to monitor your drinking water for specific contaminants on a regular basis. Results of regular monitoring are an indicator of whether or not our drinking water meets health standards. During November 2024 we did not complete all monitoring or testing' for total coliform and Chloramines and therefore cannot be sure of the quality of our drinking water during that time.

What should I do?

There is nothing you need to do at this time.

The table below lists the contaminant(s) we did not properly test for during the last year, how often we are supposed to sample for total coliform and how many samples we are supposed to take, how many samples we took, when samples should have been taken, and the date on which follow-up samples were (or will be) taken.

Contaminant	Required sampling frequency	Number of samples taken	When all samples should have been taken	When samples were or will be taken
[Contaminant name]	[Number of required samples]	[Number taken, if any]	[Compliance period]	[When samples were or will be taken]
Total Coliform	2 distribution	1	November 2024	December 2024
Chloramines	2 distribution	1	November 2024	December 2024

What happened? What is being done?

We have since taken the required samples as described in the last column of the table above. The results showed that we are meeting current standards

For more information, please contact **David Wilken** at 217-546-9647 or publicworks@villageofjerome.com.

Please share this information with all the other people who drink this water, especially those who may not have received this notice directly (for example, people in apartments, nursing homes, schools, and businesses). You can do this by posting this notice in a public place or distributing copies by hand or mail.

This notice is being sent to you by Jerome.
