To: Residents / Property owner.  
From: Public Works Dept.

The Village Public Works Dept. is going to be performing a water main valve replacement on June 3, 2024, starting at 7AM. Water service to the following properties will be interrupted starting at approximately 8 to 830 AM that same day. The following list of addresses as well as the public notice will be posted on the Village of Jerome website.

After completion of the valve replacement, samples will be collected, and the results will determine if a boil order will be needed or not. If a boil order is issued, each of the following addresses will receive a door hanger on the FRONT door of the property. It will also be posted on the Village website, The Jerome neighbors Facebook group, and a portable sign in front of the Village office.
